Most commonly referred to as “hand distressed” or “premium distressed”
SELECT HD is precisely both!

The process in which we create SELECT HD is done by hand one piece at a time,
resulting in no two pieces looking the same.

SELECT HD is a finish that represents the natural hardships of time with random
chain marks, wormholes and hand brushed stain and glazing, as well as edges
being worn, darkened and rasped to create a unique look of old world charm.

For this reason we cannot assure an exact match from the finish samples provided
to our dealers to the finished product delivered to the customer. Each piece
produced in our HD finish will have its own uniqueness and character.

Exact matches are not achievable or guaranteed.
